

Kate Hardt Saddlery Ltd

Sport Horse Therapeutic Services is *thrilled* to be chosen to premier these saddles, made in England for Kate Hardt. I will be offering these for sale for the first time in the U.S.!!! I have spent countless hours speaking to and working with Kate about tricky fitting problems and she has a tree and panel to suit everything I have thrown at her. Everyone says if you need a good wide saddle, go to the UK where they actually make them for their wide horses! But being a saddle snob, they had to be functional, beautiful and have the options I needed. A tall order – met with no problem from Kate. Go to her fb page to see her “fabulous” reviews!

Sport Horse Therapeutic Services Saddle Fitting is so excited to be able to offer an option for a saddle that truly has what has been missing in the industry! The Erreplus saddle line...

A saddle with a short tree, "U" shaped gullet which offers clearance around the withers and can be adjusted by approved Erreplus saddle fitter, wide supportive panels (shoulder relief options) – to fit all the big broad challenging shapes in so many horses.

Dressage and Jump lines for every shape and budget, starting at just \$3000

Call, email or message SHTS today to arrange for a custom fitting and recommendations and arrange to try one of these fabulous saddles on your horse!

To see some of the Erreplus saddle options, Joanne Stoyhoff is my contact for trials and her website has all the models available.

SHTS is Offering Bliss of London saddles!
